

Château de Loubens-Lauragais | France

The castle of Loubens is located a half hour drive from Toulouse in the Lauragais region renowned for the growing of pastel. During the visit of the castle and its park you will discover the lively atmosphere of a family house, where 23 generations left the mark of their personality and their time.

Welcomed by the owners, you will discover:

- The vaulted underground offices.

- The furnished apartments : the reception rooms, the guards room, the kitchen, the Capitoul bedroom, the library, etc. The visit is free-access. You will find information boards in English in every room.
